Development of synthetic of peptide-functionalized liposome for enhanced targeted ovarian carcinoma therapy [Retraction]

Wu H, Yao L, Mei JZ, Li F. *International Journal of Clinical and Experimental Medicine*. 2014; 7:4809-4818.

We sincerely appreciate your publication of our article entitled “Development of synthetic of peptide-functionalized liposome for enhanced targeted ovarian carcinoma therapy” (No. IJCEP0001959R1 and IJCEM0001959R1, Int J Clin Exp Pathol 2015;8(1):207-216; Int J Clin

Exp Med 2014;7(12):4809-4818). However, we found there are many errors in my paper, so after careful thinking, we are going to rearrange this manuscript. Thus we decided to withdraw this manuscript with great pity. Please delete the paper from your website and PubMed.

We sincerely apologize for all the staffs involved this manuscript, including editor, reviewers, etc. because of our action.
