Vitamin D₃ alters Toll-like receptor 4 signaling in monocytes of pregnant women at risk for preeclampsia [Retraction]

Qian L, Wang HY, Wu FH, Li M, Chen W, Lv LZ.
International Journal of Clinical and Experimental Medicine. 2015;8:18041-18049.

It was discovered by an investigator who was performing a meta-analysis that a large portion of the data in this article was identical or very similar to another paper published in another journal within similar time frame, which was subsequently confirmed by the Editorial Office.

Authors have failed to the editorial request for explanation why this had happened before deadline. Therefore, the entire article has been retracted in accordance with this journal's policy and Editorial decision.
